

KING OF THE ROAD LAND CRUISER

LAND CRUISER

60+ YEARS OF GLORY: THE LEGEND FORGES AHEAD

For more than six decades, Toyota's off-road icon has established a reputation for quality, durability and reliability. From African plains and Antarctic blizzards to South American jungles, Land Cruisers have played key roles across the globe.

1951 - 1954

5 - 1959 👔 19

ALL-TERRAIN PERFORMANCE DEFINES THE KING OF 4WDS

The Conqueror of Terrains & Temperatures, Inviting Countless Stares.

A symbol of innovation, quality and capability, the advanced styling of the New Land Cruiser reflects the very essence of power and elegance. With its rugged sophistication, the new and improved exteriors are designed to leave your eyes wide open.

LET'S START THE LAND CRUISER JOURNEY

Total Control is at Your Command

The distinct sense of authority that pervades the spacious cockpit of the Land Cruiser is a product of the expansive design, that seamlessly blends high quality and user friendly functionality.

COMMAND. CONTROL. CONQUER.

SRS Airbags

Best-in-class collision protection for cabin occupants, thanks to Supplemental Restraint System, dual-stage driver airbag/front passenger airbag, along with available knee airbags for the driver and front-seat passenger, with side and curtain-shield airbags for 1st- and 2nd-row outer-seat occupants.

Multi-terrain Select <5-mode>

By choosing one of the five drive modes at the touch of a dial, this revolutionary system provides the optimum traction you need to handle a wide range of road surfaces. In addition, when Crawl Control is active, AUTO mode is automatically selected and Active Traction Control (A-TRAC) matched to the pre-set vehicle speed is activated to help drivers of all levels to enjoy secure, sure-footed control when traveling over rough terrain.

Off-Roading Capabilities

The Land Cruiser's exceptional all-terrain capability realizes a smooth and comfortable driving experience.

Hill-start Assist Control & Down Hill Assist Control

Hill-start Assist Control contributes to smooth hill starts by automatically applying brake pressure to help hold the vehicle whenever rollback is detected. Down Hill Assist Control improves vehicle stability when driving down steep hills by maintaining a slow, constant speed and keeping the wheels from slipping.

Turn Assist Function

Crawl Control

Crawl Control with Turn Assist Function

Crawl Control helps provide optimal throttle and brake control, maintaining a constant low speed to support safe, sure driving on sand, dirt, rock, snow, mud, steep grades or other surfaces that require fine accelerator control. Five speeds are offered, with fully automatic throttle and brake control that helps you to concentrate on steering the vehicle.

The Turn Assist function helps the driver smoothly execute turns that would otherwise require multiple steering adjustments by helping to ensure steering response when traveling at a fixed speed.

In–Dash Entertainment System

Land Cruiser In-Dash Entertainment System is a fully integrated multimedia system including a colour touch screen with drag and flick capabilities and an advanced audio system compatible with USB devices and smartphones. Equipped with Telephone sync feature, now you can conveniently route your smartphone to connect it with your car while driving calmly.

Dual Rear Seat Entertainment

Now with luxury at your side, you can experience an added level of entertainment. Engage separately with the your own dedicated display without any hassle. Watch movies, videos and much more in ultimate luxury!

Rear Central Console with Dual A/C and Entertainment Control

Designed to give you the controls in your hand, the rear central console provides Dual A/C with climate control to best suit your needs. In addition it supports ease in engagement with your RSE.

Multi Information Display

Sitting comfortably at driver eye-level, the multi-information display provides all relevant vehicle information, such as speed, steering wheel angle or Multi-Terrain Select display.

Keep your drinkables and eatables cool while you drive off, far away to your destinations in hot climate.
